

# Young Peoples Services

## Supported Accommodation for Young People

### Offer

We offer a variety of short-term accommodation for 16-25 year olds who are homeless or at risk of homelessness who require assistance to move on with their lives.

We offer opportunities to access services which will help you with the practical aspects of your tenancy and also your health and well-being including social activities, training and employment.

Our supported accommodation is tailored to your needs. You will be assigned a dedicated independent living worker aiming to encourage and inspire you to recognise your personal strengths and abilities and to use those to plan your future.

We also offer rented accommodation with minimal support, and shared accommodation for independent young people.

**Contact us for more details.**
